Here are the All In Together Wednesday Water Tips for you to share with your community.

Find and Fix Leaks

Water Smart Plano: Licensed Irrigators on Team Plano

Your City is served by an in-house team of experienced licensed irrigators, who are equipped to make quick decisions resulting in more rapid repairs in the field. They follow the same playbook that has become an industry standard for park-maintained athletic and non-athletic sites. It is a unique formula based on weather and amount of use. Smart watering that balances conserving water, while maintaining safe green spaces within the park system, is a win-win for everyone.
